2024 Advertising RATE CARD

SAIMM 2024 MARKETING OPPORTUNITIES

Distribution information
ABC Accredited

The **SAIMM** offers businesses wanting to reach decision makers, thought-leaders and key opinion-formers in the mining environment different opportunities and essential platforms to do so.

Include the **SAIMM** in your marketing plan if you want to get noticed, grow your market share and assure your existing client base that they are dealing with the right service provider. The **SAIMM's** monthly, highly regarded Journal, website and monthly Journal mailer are distinctly differentiated from other available commercial mining publications, and online digital avenues.

It all starts with circulation, and works best when marketers use omni-channel integration to synergise the effectiveness of all the media paths to persuasion and purchase. Innovative and different advertising opportunities, company profiles and sponsored content marketing are all available to you to match your marketing message best.

Mechanical Data

Material should be supplied in a press-optimised PDF format—colours converted to CMYK. Material should be made up in Bureau software (e.g. Quark, InDesign, Freehand, Illustrator) before converting to PDF. Screen ruling 133 mm. Although distributed digitally, the SAIMM Journal is still produced to high-resolution, print quality specifications.

NOTE: Material made up in MS Word and PowerPoint is not acceptable.

Monthly Journal Mailer	Trim: 78 h x 208 w Type: 58 h x 188 w

The diagram illustrates a horizontal half page advertisement. It shows a central grey square representing the artwork, surrounded by a white border representing the bleed area. The entire advertisement is contained within a larger white rectangular frame representing the trim area. Labels indicate the dimensions for the trim (148 x 210 mm), the trim (128 x 190 mm), and the bleed (158 x 220 mm).

horizontal half page ad

Trim, 148 x 210 mm
 Trim, 128 x 190 mm
 Bleed, 158 x 220 mm

Should the advert be intended to go to the edge of the page, text and images (those that do not bleed off the page) must fit into the type area, and the artwork must be extended an extra 5 mm (bleed) beyond the trim size to ensure that, when the page is trimmed, text isn't cut off and the artwork indeed goes to the edge of the page. If the advertiser does not want the ad to run up to the edge of the page, the entire ad must fit into the type area.

Please Note: The final choice of front cover picture and design remains the prerogative of the editor.

SAIMM is focused on nurturing the future leaders of Southern Africa's minerals industry

We provide a collaborative multistakeholder platform that connects minerals professionals throughout the region and across the globe. With our technical capacity, contemporary industry insights and global reach and alliances, SAIMM is able to help Southern African individuals and corporates raise the bar across the minerals industry.

[LINK TO VIDEO](#)

Our offerings are structured around four key pillars, each of which is fundamentally focused on Africa.

International professional relevance

SAIMM maintains its international professional relevance through its experienced team, extensive membership base, far-reaching network and concerted industry involvement.

Convening capacity

We help to stimulate debate, foster collaboration and inspire change.

Information and resource portal

The wealth of information housed within SAIMM ensures our members have access to relevant, accurate and modern information relevant to our industry.

Training and development

We pride ourselves on the world-class technical events and training sessions we host, each of which is designed to equip our members with valuable networks and experiences that fuel their professional development.

Membership

Student	Associate	Member MSAIMM	Fellow FSAIMM	Company Affiliate	Corporate Partner
